SPEAKER

Prof Julien Taieb, MD, PHD

Head of the gastroenterology and gastrointestinal oncology department, Georges Pompidou - European Hospital, Paris

Julien Taieb received his MD and PhD qualifications in gastroenterology and immunology from the Université Pierre et Marie Curie (Paris VI), Paris, France. He currently holds the position of head of the gastroenterology and gastrointestinal oncology department at the Georges Pompidou European Hospital, Université de Paris, France. He is a regular reviewer for *Lancet Oncology*, *Journal of Clinical Oncology*, *Annals of Oncology*, *British Journal of Cancer* and the *European Journal of Cancer*. Professor Taieb is a member of the European Society for Medical Oncology (ESMO), the American Society of Clinical Oncology, and a number of French gastrointestinal cooperative groups and societies, including the PRODIGE intergroup, the Fédération Francophone de Cancérologie Digestive (FFCD), the Groupe Cooperateur Multidisciplinaire en Oncologie (GERCOR) and the Société Nationale Française de Gastro-Entérologie (SNFGE). He is the founder of the AGEO French research group on gastrointestinal tumors. He has a position in the administrative council or on the scientific committee of ESMO, FFCD and SNFGE. He has also been a member of the ESMO nomination committee since 2018. His main research topics are non-metastatic and metastatic colon cancer and pancreatic cancer. ●

SPEAKER

Prof Nieves Martínez Lago, MD, PhD

Consultant medical oncologist, University Hospital Complex of Santiago de Compostela, Spain

Professor Martínez Lago is a consultant medical oncologist at the University Hospital Complex of Santiago de Compostela in Spain, specializing in gastrointestinal cancers, neuroendocrine tumors, and sarcomas.

She earned her degree in medicine and surgery from the University of Santiago de Compostela in 2008 and completed her residency in medical oncology at the University Hospital Complex of Santiago de Compostela in 2014. Additionally, in 2013, she completed an internship as a clinical observer in the gastrointestinal unit at the Royal Marsden Hospital in London.

In 2017, Professor Martínez Lago obtained her PhD from the University of Santiago de Compostela with the distinction Cum Laude.

Since July 2015, she has focused on the treatment of gastrointestinal cancers and neuroendocrine tumors, both in clinical practice and research.

She has co-authored over 30 publications and presented more than 100 communications at national and international congresses. ●
